

## ***Major and Minor Prophets***

J.J. Turner

**May 22, 2008:**

*Major and Minor Prophets* by J.J. Turner, now shipping from Lambert Book House.

A fascinating study of 16 of God's chosen prophets who wrote the last 17 books of the Old Testament, this excellent book is a quick reference and easy-to-use guide that offers a thorough overview of the prophetic office, the men who served as prophets, when they served, their missions, and how they shaped the future we enjoy today in Christ.

A study of the prophets can be a struggle. The prophets and their work span the Old Testament. Written in different periods of history and in different styles, the prophetic books are often difficult to understand. The symbolic nature of the language and the historical references add levels of complexity to the prophets, placing obstacles before all except scholars who immerse themselves in the books. However, J.J. Turner has now brilliantly organized and condensed the material, enabling all Bible students who use this book, *Major and Minor Prophets*, to gain a comprehensive understanding of the prophets and their enormous contributions.

Priced at only \$3.35, *Major and Minor Prophets*—96 pages and 13 chapters—is Year 3 Book 4 of Lambert's Adult Bible Study Series. Lambert's Adult Bible Study Series is composed of 24 Bible study books, equally divided between the Old and New Testaments. The series is completely written by Christians.
