

Visual Aid Story Cards

January 24, 2008:

Lambert Book House is pleased to announce a new line of visual aids called Visual Aid Story Cards. Beautifully illustrated on one side of the card and filled with easy-to-read large print Bible story information on the flip-side, these 9 x 12 inch panels provide teachers with a visual aid that helps them verbally teach the Bible story as they share the illustrations with the class. Each Bible story is represented in only five cards.

Affordably priced at only \$5.95 per set, Lambert currently offers 15 different Bible stories, with more releases planned for the near future. 25-panel (5-story) bundles are also available. Lambert Book House products are available from any of our Lambert Dealers or from Lambert Book House online, www.lambertbookhouse.com. To find a Lambert Dealer close to you, visit our website or call us at 1-800-551-8511.

As an added benefit, Visual Aid Story Cards are fully coordinated with Lambert's Bible Trading Cards to help students review and remember the Bible lessons they've just studied in class. Bible Trading Card 5-packs are \$.95 each. 25-card (5-story) packs are also available.

This matched pair of teaching tools is a great system that offers teachers ease of use in the classroom with Visual Aid Story Cards, while motivating students to voluntarily review subject matter introduced in recent classroom Bible studies with Bible Trading Cards. To view these products online, visit www.lambertbookhouse.com.
