The Living Way

THE LIVING WAY is a three year course based on the New Testament and designed to teach the basic fundamental truths that distinguish the church from the world. Equal importance is given to love, kindness, humility, worship, and the attitudes that make one like Christ. Covers all departments from nursery through high school. The first year is devoted to a study of the life of Christ. Year two covers the Acts and the longer epistles. Year three is devoted to the short epistles and Revelation. All you need for a complete balanced teaching program.
